**DREAM...
When You're Feeling Blue...Or
Happy! The Music of Johnny Mercer**

The Tony Nominated Broadway Hit Musical "Dream" consists of the lyrics of Johnny Mercer. We were totally captivated by the talent of the singers and dancers, but especially the music that he made so popular. Don't miss this entertaining and heart-warming theatre presentation at the Cuillo Centre for the Arts in downtown West Palm Beach.

Johnny Mercer was not only talented but was a very interesting and caring man. The Johnny Mercer Foundation and the preservation of American Popular Song is vital to the future of our children and our nation, our sense of pride in ourselves, and our understanding of one another. Our goal is to reflect Johnny's lifetime of generosity and to support, through his royalties and through private donations many of the causes he cared so deeply about where he realized a need for "accentuating the positive."

Imagine an entire generation of children growing up with no knowledge of their rich musical heritage; the songs that mirror our hearts and souls; the songs our parents sung around the piano; the songs we heard when we fell in love; the songs that reflect our American Dream. The Johnny Mercer Foundation is passionately devoted to introducing Our Great American Songbook to our children and needs your help.

Times Have Changed—People Have Not!

By Anita Finley

It was twenty years ago when eating out was a special treat. It was a planned event and everyone waited with great anticipation for the big day. It was a big deal! It usually occurred to celebrate some occasion... birthday, anniversary, new job and such. I remember going out on Sundays after the movies with my parents and if my brother and I were very, very good, we also went out to a neighborhood restaurant. I had a wealthy uncle and he would invite us to a fancy restaurant every time he came down to Florida. Boy, were we in heaven when he came. We could order anything we desired and we didn't get frowns from my Mom.

Fast forward twenty years! Eating out is very common and very easy. In some instances, it is less expensive than going to the store, buying the food, carrying it home, putting it away, taking it out and defrosting it, then preparing it. And of course, there's always the cleanup. This is where finding and going to a very good restaurant, where the prices are reasonable and the serving staff makes you feel comfortable, is of utmost importance. It's where you and your friends can sit and talk, eat a healthful meal, reassured that the highest quality food is served.

My friends, family and I have found such a place. It's called **TooJay's**

Gourmet Deli. Not only do they have a grand assortment of food to match any dietary need and desire, but they pride themselves on the high quality of each offering, whether you dine in one of their many restaurants throughout South Florida or you take your food home. I don't have enough fingers or toes to count how many times I dropped into a **TooJay's** and found great satisfaction in whatever I ordered. My friends and I have sat for hours at a **TooJay's**, munching and crunching on a variety of foods and enjoying ourselves. My family and I have chosen **TooJay's** as our place to meet. And as many of our readers know, my mother was one of their biggest fans...their matzo ball soup and corned beef sandwiches were her delight. I hope she is getting her fill of them wherever she is.

Go to your favorite **TooJay's** at the following locations: **Coral Springs:** The Walk at University (954) 346-0006; **Plantation:** The Fountains (954) 423-1993; **Boca Raton:** Polo Shops-5030 Champion Blvd. (561) 241-5903; Regency Court Plaza-3013 Yamato Rd. (772) 287-6514; **Vero Beach:** Treasure Coast Plaza (772) 569-6070.

A TRADITION OF REAL. GOOD. FOOD.

If friendship had a flavor, TooJay's would serve it.

Bring in the good conversation and we'll bring out the great food. The flavors under our roof are as unique as your friends. If Morty likes steaming matzo ball soup and Bonnie prefers blintzes topped with a dollop of sour cream and fruit topping, then TooJay's will treat their tastebuds. Sit back, relax and enjoy your company. Let TooJay's handle the rest.
