Here's what one of our Exhibitors had to say about the Boomer Expo:

I would like to take this opportunity to thank everyone involved with the Boomer Times Expo this past January. Our organization, MCCI Medical Group, has participated for the past 3 Expo's and with great results from the Jan. Expo.

We handed out postcards advertising our February Open House Events. We were pleased to announce that 8 people from the Expo came to our Open House Events and became part of our MCCI family. This just goes to show how effective you can be and what a privilege it is to be a part of Boomer Times Expo's and Magazine. Thank you very much and look forward to the next one! — Laurie Seifert
