

IS THERE A BIG DIFFERENCE IN LIFE INSURANCE BROKERAGE AGENCIES?

Judge for Yourself...

Ask the Illinois family who had to pay **\$67,000** each year to guarantee their \$4,500,000 last-to-die policy. It looks as though they will be able to guarantee their new \$4,500,000 last-to-die policy for **\$4,000** each year.

Ask the Michigan gentleman who is projected to put in **\$200** and may be able to donate **\$500,000** to his favorite charity if he so chooses. (This is an old financial strategy with a new twist.) Are you interested in helping others?

Ask the Massachusetts family whose \$4,000,000 policy was going to expire in twelve more years at current rates. They now have new coverage **guaranteed for 22 years** at the same premium.

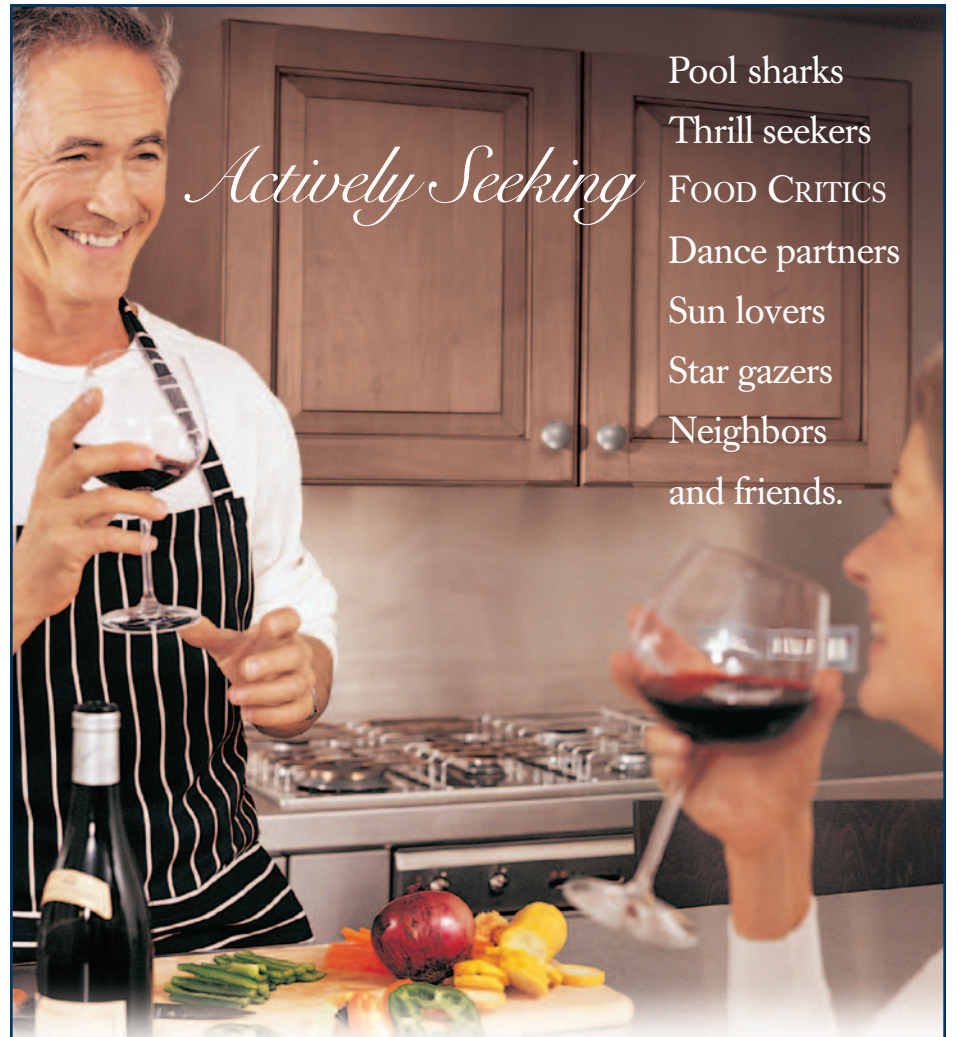

A New Jersey family responded to one of our last advertisements. **Boy, are they glad they called.** You will be too!
